

Aspen Partners Program

The Aspen Partners Program was created to support companies sharing our commitment to advancing patient care by providing the best spinal braces available. As a valued Partners Program member, Aspen will heat transfer your logo directly onto the brace. This co-branding effort directly associates you with a quality product and expands your marketing reach, gaining visibility for your practice wherever the brace is seen.

The Aspen Partners Program offers a maximum size patch of 2.5 inches wide and high. Your logo will be represented in full color on the patch shape (rectangular, square, or round) that works best with your logo design.

SIZES ARE NOT TO SCALE. GREEN BACKGROUND DOES NOT PRINT.
