Spine Applications

**POSTURAL DYSFUNCTION**

- Cervicogenic headaches
- Loss of range of motion
- Forward head carriage
- General neck pain
- Muscle spasm
- Cervical Radiculopathy
- Cervical Neuropathy

**C1-C7**

- Decompressive procedures
- Postsurgical stabilization
- Cervical disc syndrome
- Fracture management

- Aspen Vista Collar
- Aspen Vista LSO
- Aspen Vista T8 Collar
- Aspen Vista MultiPost
- Aspen Vista MultiPost Therapy Collar

**C1-T2**

- Postsurgical stabilization
- Cervicothoracic instability
- Fracture management

- Aspen Vista CT84
- Aspen Vista CTB
- Aspen CTB
- Aspen Pediatric CTB

**T9-S1**

- Postsurgical support
- Degenerative disc disease
- Post laminectomy syndrome
- Spinal stenosis
- Surgical decompression
- Fracture management
- Spinal stenosis
- Facet syndrome
- Radiofrequency ablation

- Aspen Vista 637 LSO
- Aspen Evergreen 637 LSO LoPro
- Aspen Contour LSO
- Aspen Summit LSO
- Aspen Evergreen 631 LSO LoPro
- Aspen Summit LSO

**L1-L5**

- Postsurgical support
- Degenerative disc disease
- Post laminectomy syndrome
- Low-grade spondylolisthesis
- Bony impingement
- Fracture management
- Spinal stenosis
- Facet syndrome
- Radiofrequency ablation

- Aspen Vista 637 LSO
- Aspen Evergreen 637 LSO LoPro
- Aspen Contour LSO
- Aspen Summit LSO

**SI-S5**

- Sacroiliac joint dysfunction
- Sacroiliac joint fusion
- Pelvis muscle pain

- Aspen Evergreen 621 SI Belt
- Aspen Evergreen 627 Lumbar

**T9-S1**

- Postsurgical support
- Degenerative disc disease
- Post laminectomy syndrome
- Non-specific low back pain
- Degenerative disc disease
- Bony impingement
- Chronic low back pain

- Aspen Vista 637 LSO
- Aspen Evergreen 637 LSO LoPro
- Aspen Contour LSO

**L1-L5**

- Postsurgical support
- Degenerative disc disease
- Post laminectomy syndrome
- Low-grade spondylolisthesis
- Non-specific low back pain
- Degenerative disc disease
- Bony impingement
- Chronic low back pain

- Aspen Contour LSO
- Aspen Summit LSO

Only a medical professional can decide whether a brace is appropriate for a particular indication. Please consult your physician.
