

# Aspen ROM Knee

XS	648001	L	648004
S	648002	XL	648005
M	648003	XXL	648006

The Aspen ROM Knee is a range of motion brace that provides optimal compression and support. The sized version features a premium AirX material that provides a high degree of breathability and moisture wicking, allowing for extended wear and improved patient compliance.

## Aspen ROM Knee Universal

Provides adjustability to fit most patients. Made from a lightweight neoprene material, this option allows for optimal compression and comfort.
