

November 1, 2022

To Our Valued Customers,

We appreciate you choosing Aspen Medical Products to meet the needs of your patients and your practice. We are firmly committed to your success and improving patient outcomes by providing you with the innovation, quality, and customer support that you have come to expect.

Inflation continues to be a global challenge, resulting in rising costs across all industries. Aspen is not unaffected by these challenges. However, we are doing everything possible to hold costs down and working globally to optimize our operations while maintaining our dependable supply chain to serve you.

We are also focused on developing extended solutions to bring you more value, including enhancing our programs, billing solutions, and expanding our product portfolio to offer you a comprehensive customer experience.

Prices across all product lines will increase by 4 percent effective January 2, 2023. We will honor the terms of existing contracts, and all orders made before January 2, 2023 will reflect your current pricing.

We truly appreciate your partnership, and we look forward to expanding our offerings to serve you better. Please contact your sales representative or Customer Service at service@aspenmp.com for more information about the price increase.

Thank you again for choosing Aspen Medical Products.

Sincerely,

Jim Cloar
President & CEO

Colin Cashin
Vice President, US Sales
